Havasu Regional Medical Center is proud to be a part of Lake Havasu City and the surrounding region. As a leader in our community, we strive to provide the highest quality care possible—both inside and outside our hospital walls—and are committed to our region’s overall well-being. By creating places where people choose to come for healthcare, physicians want to practice and employees want to work, we are creating a legacy of care for today and generations to come. Thank you for supporting our mission of Making Communities Healthier®.

— Mike Patterson, *CEO and Market President*

In 2018, we...

...added 52 employed and affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high quality care. Last year, we added providers in a number of specialties, including cardiology, emergency care, family medicine, orthopedics, neurology, and diagnostic radiology.

...made more than \$12.9 million in capital improvements

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s healthcare needs. Last year’s investments included an ED expansion and new equipment, including ultrasound, X-ray and linear accelerator machines.

...distributed a payroll of \$66,928,145 to 708 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high quality care and service.

...donated more than \$7.5 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$2,143,909 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

HRMC opens the doors of its newly expanded ED to the community.

HRMC is proud to support the Stop the Bleed program.
